Call for Paper

Journal of Medical Imaging and Health Informatics

Special issue on

Healthcare Training System and Effective Education Technology

Aim and Scope:

Healthcare training system deals with the resources, devices, computer simulations and methods using technological advances for effective education. Healthcare training tools include not only computers but also clinical guidelines, formal medical terminologies, and information and communication systems. It is applied to the areas of nursing, clinical care, dentistry, pharmacy, public health and (bio) medical research. The objective of this special issue is to bring together research contributions on the design, specification, and implementation of architectures, protocols, and algorithms for current and future healthcare training system for effective education using technological advanced facilities and programs.

Topics:

- Healthcare training simulation tools
- Clinical decision support design, development, and implementation
- IT applications and measurements in health organizations and practices
- Medical IT Security and Privacy Issues
- Management of emerging healthcare technologies
- Medical Informatics □ Virtual Health Technologies
- Clinical Communications tools
- Mobile Resources Research
- Mobile assisted medical training programs

- Medical Devices Training Courses
- Medical device training programs
- Medical device regulation training
- Advanced medical education and medical training equipment
- Emergency medical teaching and training equipment

Submission

Paper should be written in English. Your paper must be formatted according to the template files. Regular papers are allowed to 8 pages in journal special issue. Authors must mention in their cover letter for each SI manuscript that the particular manuscript is for the theme and name of Guest Editors of SI consideration so that the Guest Editors can be notified separately.

Guidelines for preparation of the manuscripts are available at the journal website
http://www.aspbs.com/jmihi/inst-auth_jmihi.htm

Prospective authors should submit an electronic copy of their complete manuscript through the journal Manuscript Tracking System at:
http://mstracker.com/submit1.php?jc=jmihi

Important Dates

❖ Submission of full papers:	**Aug. 1st, 2017**
❖ Notification of acceptance:	**Oct. 2017**
❖ Camera ready papers:	**Dec. 2017**
❖ Publication date:	**March 2018**

Guest Editors

Prof. Wai Chi Fang National Chiao Tung University, Taiwan
E-mail: Dr.WFang@gmail.com

Prof. Tai-hoon Kim (Lead Guest Editor) GVSA and UTAS, Australia

- Guest Editorial Board

- Adrian Stoica: JPL NASA, Pasadena, USA
- Ashesh Mahidadia: University of New South Wales, Australia

- Byeong-Ho KANG: University of Tasmania, Australia
- Dominik Slezak: Warsaw University & Infobright, Poland
- Dosch Walter: University of Lubeck, Germany
- Juan-Carlos Cubero: University of Granada, Spain
- Ken Barker: University of Calgary, Canada
- Patrick Doherty: Linkoping University, Sweden
- Rajkumar Buyya: University of Melbourne, Australia
- Rizos Sakellariou: University of Manchester, UK
- Sankar Kumar Pal: Indian Statistical Institute, India
- Young-hoon Lee: Hannam University, Korea

Our Special Issue Merits

Our Guest Editorial Board consists of professionals in various fields such as academia, government, and industry. Therefore, our work will be progressing professionally in paper reviews and related works. We will select best papers from related reputable presentation and invite good papers from famous researchers of the world.

Manuscript-Processing Fees:

All new manuscripts submitted to this journal will be subjected to a Manuscript-Processing Fees. Research article publishing is not without occurring costs and the costs have been steadily increasing. To defray part of the publication cost, the journal will charge manuscript-processing fees, to be paid by the authors or their affiliated research institutions. The publication fee will be used to defray part of the occurring expenses associated with manuscript processing, editorial work flow, typesetting, proofreading, printing, online-hosting, and archiving. Authors or their affiliated research institutions are required to pay US$1080 for their articles for a special issue article from all Countries. The authors will receive the PDF version of their research papers in final form. When submitting a manuscript through online, it will be processed with an understanding that the corresponding authors fully agree to pay all manuscript-processing fees upon acceptance. The author who submits the manuscript to the journal is fully responsible for the manuscript-processing fees. Accepted peer-reviewed manuscripts will not be processed and forwarded to production until all fees are paid in full to the publisher. Publisher will issue an invoice of manuscript-processing fees after a manuscript has been accepted for publication. Corresponding author will be asked to submit a signed Copyright Transfer Agreement (CTA) along with manuscript processing fees.

All manuscripts must be submitted via mstracker.com and authors are request to write in their cover letter that their submission is for this special issue and the name of the guest editor, so that the guest editor can be notified separately.
